WOMEN BUILD

What is Women Build?

Women Build is an event where women devote at least one day to help Habitat families build strength, stability, and independence through housing. Women empower women by fundraising, framing, painting, landscaping, and much more.

Get your team together

We are looking for team leaders to recruit 9 women to build and fundraise alongside you. Each team of volunteers will raise \$3500 to sponsor one day of work on-site. It's an excellent team-building for businesses, church groups, and other organizations; or a great way to give back with friends and family.

BECOME A TEAM LEADER TODAY!

Team Leader Responsibilities:

· Recruit Team Members

Teams typically have a total of 10 members: Make a list of 15 to 20 ladies to invite to join your team. (Friends, family, colleagues, etc.). If you are interested in being a team leader or on a team, fill out this [FORM](#).

· Fundraise

Teams now have the opportunity to help sponsor homes! We are encouraging every team member to raise \$350, with a team goal of \$3,500. We will come alongside you to help with tools and encouragement.

· Be a Cheerleader

Check-in with your team and offer encouragement regularly. Fundraising and volunteering can bring with it a challenge even for the bravest women.

· Stay in Touch

We want to encourage your team members regularly so it's important to include their email addresses when signing up your teams. Your members will love to hear from you too!

· Help Us Stay Organized

Team leaders often know someone willing to lead a devotional to start the day, provide lunch and/or pray for lunch. We are asking for your help in assisting us in organizing these tasks.
